

Interested in Becoming an EMT?

Lowcountry Regional EMS Council will be hosting an Initial Hybrid EMT program at their Campus in Walterboro. The 240 hour Initial EMT program is the initial pre-hospital emergency medical technician certification in South Carolina. This program prepares the candidate to provide basic emergency medical care to victims of trauma and illness. This course follows and exceeds the 2009 US Department of Transportation (DOT) / National Highway Traffic Safety Administration (NHTSA) EMT-Basic National Standard Curriculum.
